THE 1966 VIKING

Volume 4

*Tri County Area High School
Montcalm, Kent and Newago Counties*

THE 1966

The Tri County VIKING staff takes great pride and pleasure in presenting to you this pictorial reminder of the 1965-66 school year. As you turn these pages you will relive the many wonderful experiences spent in and around the first full year in the new Tri County High School.

To the Underclassmen, this will be another volume of memories to add to their collection; but to the Seniors it will have an extra special meaning. Through it many fond memories will be reflected, such as the Homecoming, football and basketball seasons and the class plays. As the Seniors graduate, their diplomas will serve as passports into strange, new worlds. Some will go to colleges and universities while others will find positions of responsibility in many fields throughout the country.

No matter which direction they turn, their years at Tri County High School will be a book of memories no one will take away. Activities pass but the feelings we share within our minds are worth a million of such activities. We do not appreciate something until it is lost; our memories are here for always.

With this in mind we present to you the 1966

VIKING

VIKING

Supporting our school!

Letting activities lead to more enjoyment in our school.

Around our school, yes, new and exciting things are happening here every day to challenge the students and make them want to learn. Things of interest and learning, challenges of sportsmanship and scholarship.

We learn to get along with others and work with others to unite our classes and groups. Co-operation and understanding are of great importance here. Our future may very well depend on just this.

Activities

Throughout the year many events and happenings have taken place. All of us can remember these on the date they occurred, but do we think of or remember the expressions, reactions or feelings that were present? We do not realize how fast the year goes nor how people change, but in this next section we want to bring back many of these happy and possibly sad moments.

Cheerleaders Sponsor Sadie Hawkins Week

The cheerleaders, who were very active this year, sponsored a Sadie Hawkins Week in the fall of "65".

The week began with the raffling on Monday of each cheerleader as a slave. Tuesday was a Crazy Hat Day. Dan Smith and Sandra Sanders won the contest for the craziest hats. Chris Johnson and Linda Ashley won the contest for the best combinations of black and gold on Wednesday. Thursday was Slop Day, which

Miss Teer

everyone enjoyed tremendously. It was a day in which all students participated to their fullest. After Slop Day on Thursday, it was all together fitting to have Friday as Dress-Up Day. The week ended with a very enjoyable Twirp Dance that night.

Miss Teer, during the first semester, was the main spring and driving force for the cheerleaders. She willingly and most cheerfully helped them with their endeavors.

Honorary Organization Stresses Outstanding Traits

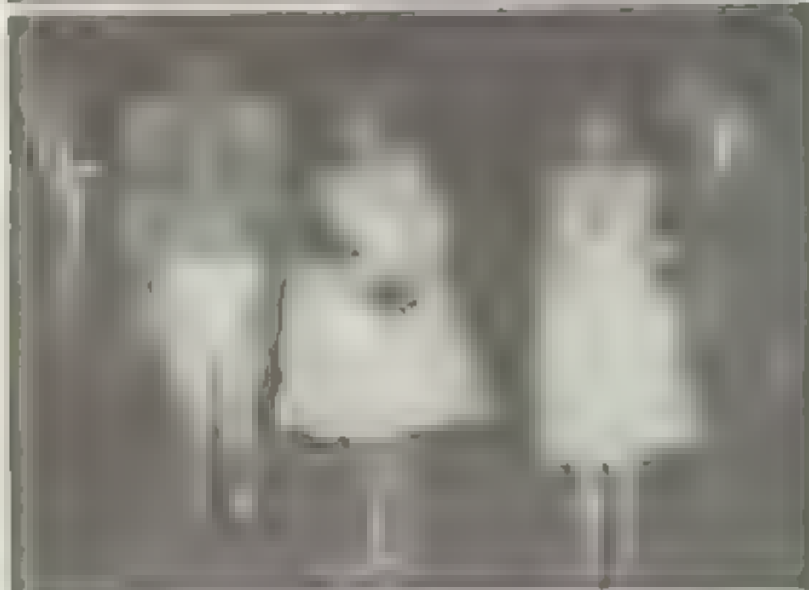

Membership in the National Honor Society has become recognized nationally as one of the highest honors that can be awarded a high school student. For the National Honor Society represents the main objectives for which schools are instituted. It gives recognition to those who have attained most nearly the desired ends. Other honors given by the school are only partial in the sense that they recog-

nize specialized ability, skill, or talent. This Society, however, looks upon education as a total product measured by character, scholarship, leadership, and service.

Membership is more than an honor, though. It carries with it a responsibility and should be considered the beginning of an obligation, not merely the successful combination of an effort to achieve recognition and honor.

The induction of new members signifies the success of both the student inductee and the school, and is an important event to both. An induction is the highlight of any chapter's program and an event to be looked forward to by all.

Wow! Leave it to Bill Jackson to get himself into a terrible jam. But can you blame him for not correcting a wrong impression when \$50,000 is at stake? Bill is a Doctor of Philosophy and a college professor, which means he can really be called "Doctor" all right. But his fiancée, Angela, has a wealthy, cranky uncle who likes

medical doctors but is strongly prejudiced against professors. When Bill is introduced as "Doctor" to dear old Uncle Henry, the action and antics begin. Uncle Henry promises \$50,000 to Bill when he saves his first life. These circumstances bring many trying yet hilarious situations!

The Val Halla Staff

Under the guidance and direction of Mrs. Julia Peggie, Tri County once again had a school paper. The paper started the year with a contest to select an appropriate name. Karen Fahner's entry, "Val Halla," was chosen, and the presses began to roll. This year's staff members were

Sports Editor	Richard Oppen
Roving Reporters . .	Sandy Beus
	Carol Bradley
	Chuck Chesbro

The "Val Halla" contained interesting accounts of all the sports activities, up-to-date news stories, a very informative advice column, all the latest gossip, senior and teacher interviews, a regular fiction series, class and club news, and throughout the year published a series of editorials on the major problems and activities of the school.

The efforts put forth by the staff were greatly appreciated by the student body and it is hoped that the paper will continue through the years as successfully as it has this year.

The Senior Trip a Last

It began April 4--a day long awaited--at 8:45 at the High School. The Seniors left on a three-day trip to Chicago chartering a North-Star bus from Grand Rapids. The first stop was at the Police Department where a tour acquainted them with many interesting facts such as the electric panels where police officers can control all cars and men on the force thru out the entire city. A visit to the crime laboratory was most instructive, --here anything from guns to marijuana is tested. After checking in at the Sherman House the evening was spent in Chinatown. Eating dinner in a Chinese restaurant was an experience for all especially the attempts to use the chopsticks provided with the meal. However, it helped the morale to use regular tableware as well as more readily satisfying everyone's hunger.

From the excitement and fun on the way to Chicago to the sleepy-eyed look of the last day.

Smiling Seniors take time out from exploring the many exhibits in the museum to pose for a picture.

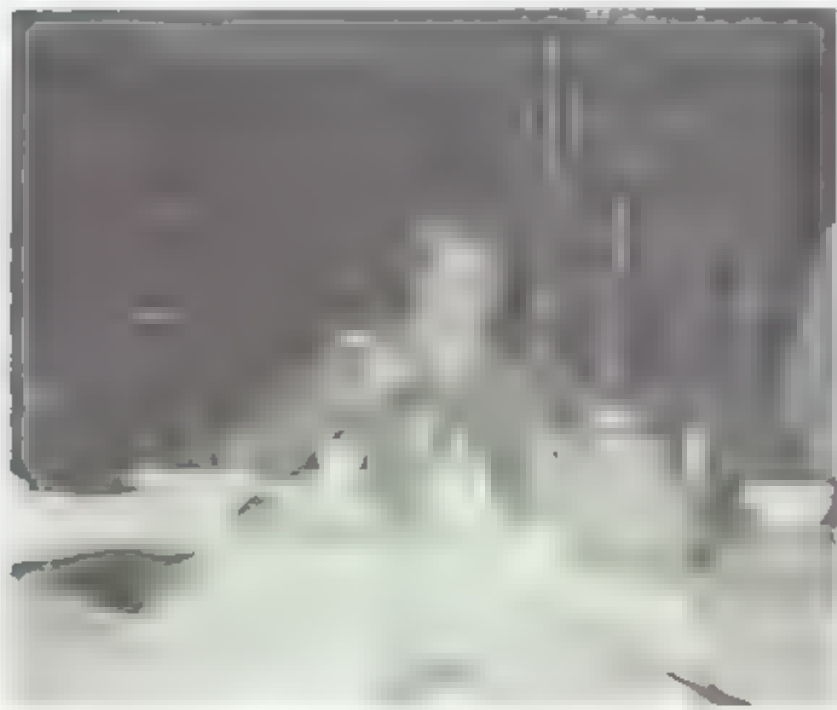

Something or somebody certainly has all of Richard's attention.

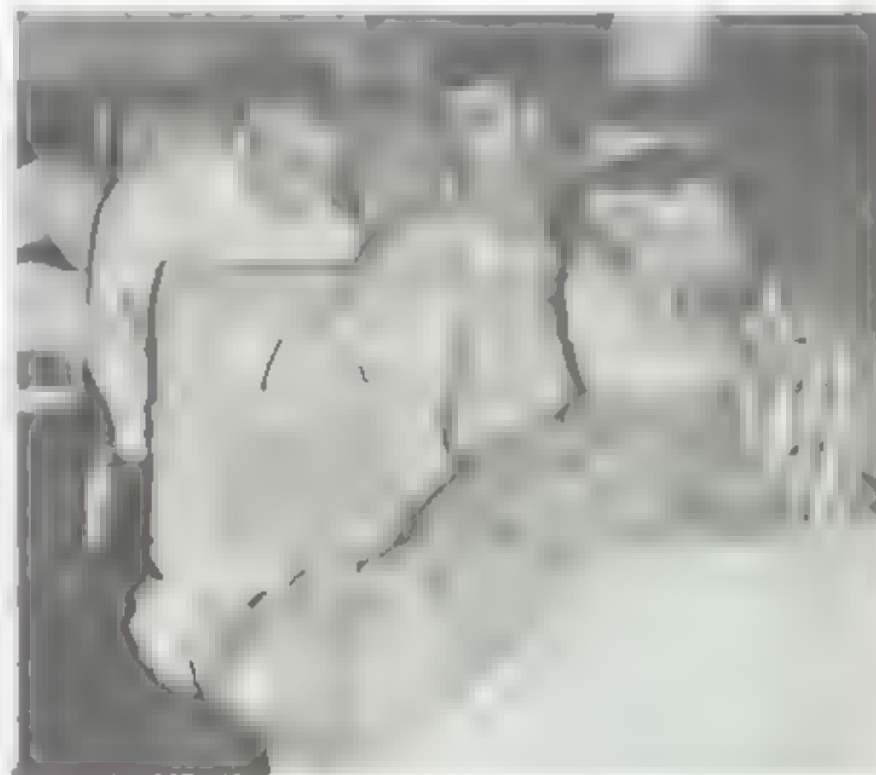

for Tri County

The next morning the bus took the group to the Museum of Science and Industry where the number of sights and displays was overwhelming. The afternoon was free for shopping or "resting". But who wanted to rest? Dinner that evening was again an experience to be long remembered - both the place, the manner, and the food. An evening of entertainment at the theatre followed.

Wednesday morning a visit to Don McNeil's Breakfast Club became a memory that will remain with the Seniors for a long time. Then a new view of Chicago was gained by going to the 40th floor of the Prudential Building and seeing the unsuspected beauty of Chicago as laid out below. Soon, ready or not, it was time to board the bus for "back to Michigan" and so with no incidents or accidents the Class of '66 brought to an end Senior trips for Tri County.

Betty, last time, has the only alert face on the trip home. Could that be because she didn't stay in the same hotel?

One way of getting a little extra spending money for Chicago.

A trip that none of our advisors will ever forget, not only for its enjoyment but also for the sleepless nights.

A large audience listened attentively.

Baccalaureate Initiates Commencement Week

Following the processional of the Baccalaureate Service, Invocation was given. A hymn was then sung by the Senior Class. Reverend Jonathan Stein gave the Baccalaureate Address, followed by the singing of "You'll Never Walk Alone" by the Senior Class. The Benediction given by Reverend Jonathan Stein concluded the Baccalaureate Service.

The Class History was given by Sharon Huntoon and Ron Elliott.

Among the many awards presented by Mr. Vaughan were the fourth year Alpha Beta pins.

The Class Will was read by Roberta Arbogast and Ed Prentice.

Class Night Activities Made Interests for All

Acting as Master of Ceremonies, Mark Stevens helped to keep the Class Night activities rolling smoothly. Many a serious face changed as the students were revealed in the history, will, prophecy, and giftatory. Gifts were, also, presented to our advisors.

Numerous awards were given to the seniors which included scholarship, Alpha

Beta, DAR, Social Studies, Annual Staff, Commercial, Science, Mathematics, Home Economics, Valedictorian, Salutatorian, Physical Education and "I Dare You".

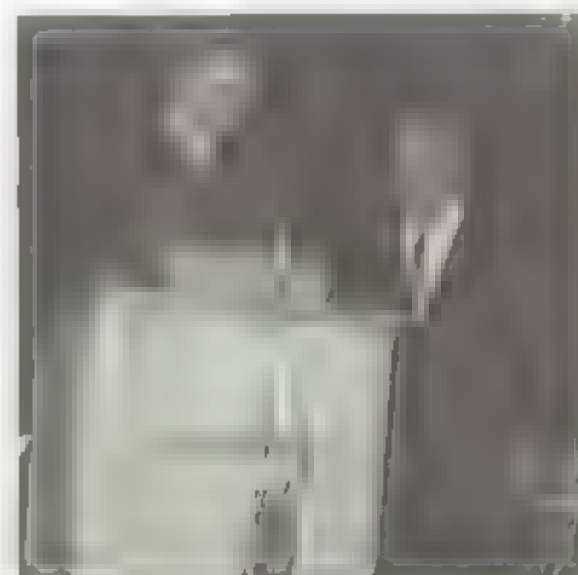

The last presentation was the "Trowel" to the Junior Class President, James Butler by the Senior Class President, Marshal Mattson.

Beverly Zylstra and Nick Renner presented the future in the Class Prophecy.

Class Giftatory was given by Kay Thomas, Rose Borgardus and Marshal Mattson.

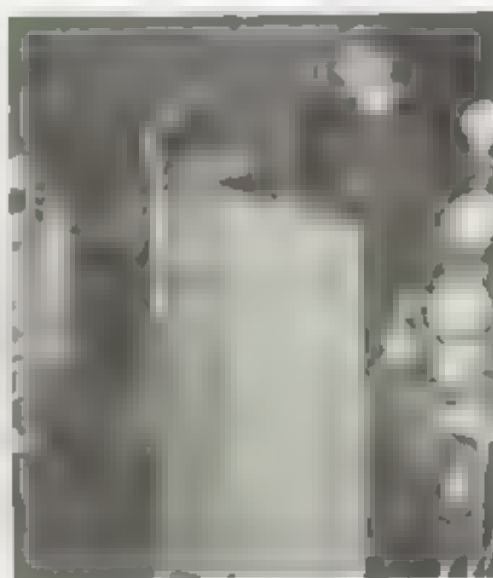

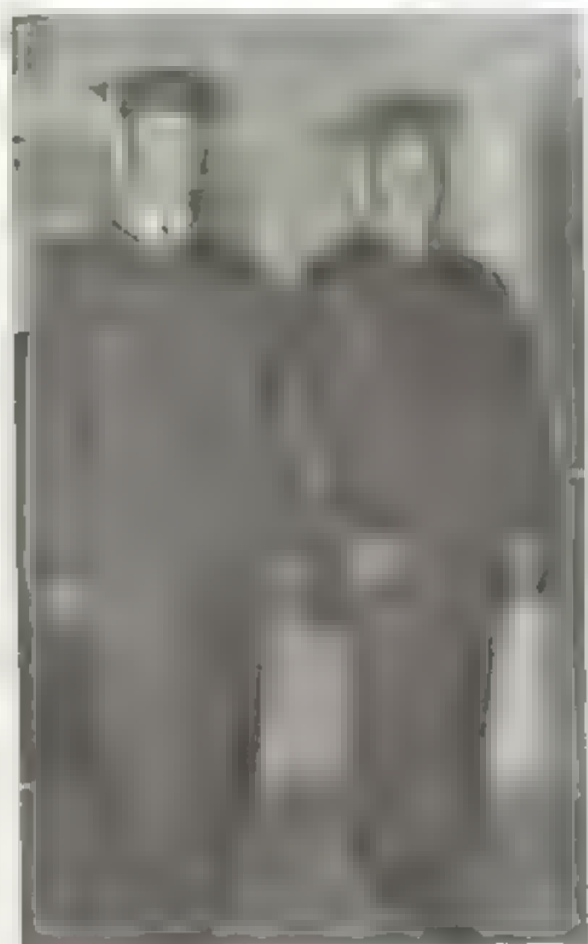

On behalf of the Senior Class, Marshal Mattson presented the Custodians with small tokens of appreciation for their efforts to help us.

All in like this, we need a strong shoulder to lean on.

Once again, "Pomp and Circumstance" played by the Tri County Band led the Seniors down the aisle.

Roberta Arbogast in her Valedictorian speech emphasized, "Effort should not be put forth for only our own goals, but also that which will bring the greatest good to the greatest number."

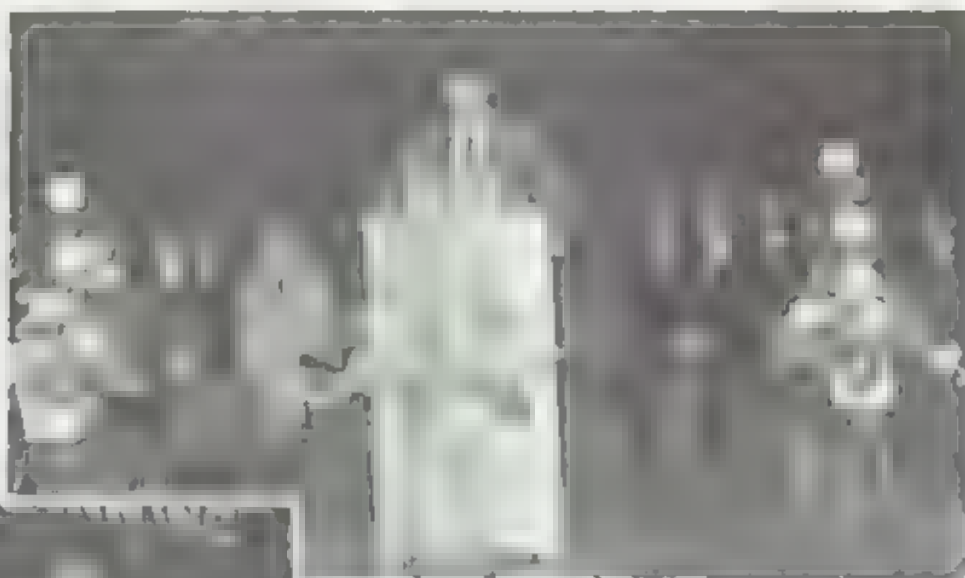

Superintendent, Walter Jerve, introduced the speaker, Dr. James Heald.

The End and the Beginning Have

"Even though members of our class are considered to be so called blasé, more than half of them are going on to further their education or to give service to their country," were the opening words of our Salutatorian, James Kuhlman.

"WEIGH NOT THE PRICE OF EDUCATION, BUT LET THE KNOWLEDGE GAINED LIGHT YOUR WAY."

if you build of wood it will rot; if you build of iron it will rust; if you build of earth it will wash away; if you build of precious gems they will shatter and break but if you build a better man, good will radiate thru out the world for ages to come.

Truly the last phrase was "WONDER NUMBER EIGHT" as Dr. James Heald ended the Commencement Address.

Arrived for Graduates

One could say ripples of curiosity and deep thought reflected beneath the surface of learning during the Commencement Exercises. In fact, much of this took place during the program. It began with the Processional and carried on through the Invocation given by Reverend Jean Crabtree, the Salutatory and Valedictory, the arrangement "Ode" presented by the band, the speakers, the presentation of diplomas, roses, Benediction, and last of all the Recessional. The deep curiosities and thoughts instilled on this night will help to open the many doors to the future.

The CLASS OF 1966 received their diplomas from Mr. Dwaine Voss, President of the Board of Education.

Presentation of roses by Mr. Arthur Hesburn.

Juniors Honor Seniors with

"Southern Serenade" was the theme around which the Prom and Banquet were planned. Eating by candlelight in the high school cafeteria set the atmosphere for the evening. Invocation was given by Reverend Stein, followed by the farewell speech by the President of the Junior Class, James Butler. A toast was then given to the Seniors by the Vice President, Debra Woodman with the acceptance by the Senior Vice President, William Ludtke. Mr. Marvin entertained us by

singing "Old Man River" which ended the program for the banquet, and introduced us to the theme of the Prom. The music of the John Brown Trio could be heard throughout the Elementary School where the Prom was held. The gym was decorated so that everyone felt that they actually were attending a ball on a Southern Plantation. Everyone will agree that the evening will be a lasting memory.

Adding to the theme of the evening Mr. Marvin sang "Old Man River."

Banquet and Prom

While dancing or resting the music of the John Brown Trio was enjoyed by all.

The punch bowl was a focal point of the evening.

The Future Homemakers of America is a national organization. We are one of 318 chapters in our state. We've had a busy year working toward a

STATE HONOR RED ROSE CHAPTER

To begin the new year in September we had a slumber party in our gym as a get acquainted plan for new members. During the year we had various money making projects; we sold vanilla, catered many community suppers and had a St. Patrick's Dance.

Buck Matthews of Wood T. V. and Mr. Amond were special speakers at our Dad's Night Out in December.

Tri-County was the Hostess school for the Regional meeting attended by approximately 500 girls and their teachers.

We bought Fiber-glass curtains for our Home Economics Dept. and along with the Student Council campaigned for "Clean Up the School Week."

Eleven of our members took an active part in the State Meeting this year:

Vaun Denton and Sally Stevenson received their State Degrees.

Gloria Groner and Margaret Mays were in the All State Choir.

Sheri Woodman and Sally Stevenson were voting delegates.

All eleven girls took part in our relaxer skit - "How Do YOU Communicate with Others?"

Narrated by Donna Wilson

We appreciate the participation of all the girls in FHA this year which made our club the largest and most active in our school. It is impossible to mention all the wonderful things we've done but - "BUSY" is our second name.

Student Council

S. C. Purchased Flags for the Classrooms

The Student Council has been very active this year. They began the year by sponsoring a magazine sale in October. The sale started with a big assembly and several class challenges. After ten strenuous days, the Sophomores finished in first place with the Seniors close behind.

This year Mark Stevens and Ralph Kindel, as delegates, and Karen Fahner and Arlene Mattson as alternates, represented us in the Inter-League Student Council.

Early in the spring the Student Council sponsored a "Clean Up the School Week." The week ended with a big assembly on Friday. There was a skit using students as the judge and jury, and then, to add a lighter side, the teachers posing as students were put on trial for: misbehavior in classrooms, ratty hairdos, gum chewing, lovemaking in the halls, and various other misdemeanors.

The Student Council also sponsored two assemblies for the entertainment of the student body this year, a magician and a table tennis team.

Our students helped in making the assemblies a big success. Nick and Mary proved to be real ping pong pros.

Under the able direction of Mr. David Biss the choir, this year, has become a well-experienced group. They performed at the annual Band Christmas Concert and at Baccalaureate they capably presented "Alleluia"

and "You'll Never Walk Alone." There was also a very special performance for the County Fair and the Women's Clubs in the Spring.

The Band was very active this year, producing several concerts: a Fall Concert, which consisted of music used at the football games, (lower right); a Christmas Concert (upper left); a concert for a Ladies Club, and also one for the Veterans Facility in Grand Rapids. In addition to this we had a car wash, went Christmas caroling and had a pancake supper; (upper right), to

raise more money for new uniforms. We were also very fortunate to have the W. M. U. Woodwind Quintet, perform for us as we hosted the bands of neighboring schools.

We were very elated and gave our director, Mr. Bass, a feeling of pride when we received a number 2 rating at the District Band Festival in Grand Haven. In all we had a very satisfactory year.

Sports

Everyone knows that pictures tell a story. In the following pages the story told is one of our Viking athletes. They have worked long hard hours to make us proud of them. They have done this well. In their competitive efforts they have broadened the minds of many and strengthened the feeling of sportsmanship in and around our school. Their teamwork has returned high dividends in more ways than one.

Tri County	1 - Morley Stanwood	11
Tri County	8 - Kent City	2
Tri County	4 - White Cloud	3

The 1966 Viking baseball team had a rather disappointing season. Only two wins were posted out of ten games. One win was gained in the regular season schedule, and one was picked up in the special league tournament held this year at the end of the regular season.

It had been hoped that Tri County would be able to wind up with at least a .500 season, considering the large percentage of

seniors on the squad this year, but such was not the case. A larger number of capable substitutes and more experience playing as a team would have given the Vikings a much better opportunity. Only fifteen letters were given out this year. The breakdown of letter winners was as follows: seven seniors, three juniors, four sophomores, and one freshman. It is hoped that more boys take an interest in baseball in the coming seasons.

The First Sunny Day

Improvement was the key word applied to the Viking golf team this year. While posting only a 1-8 record, the golf team members scored consistently in the 40's and set a new 5 man scoring record of 182 strokes in defeating Cedar Springs for their only win of the year. Page Neve established a new low for nine holes when he scored a 40 against Sparta in the last match of the season. Other losses were to Grant, Newaygo, and Rockford.

The 1966 Tri County track team finished with a 2-4 record. This was due not to poor caliber but the squad was composed mainly of underclassmen. The team is expected to perform better in coming seasons. Much is expected from Thompson, Welty, Dosch and R. Kuhlman.

Cheers and Challenges Inspire Junior Varsity

The Junior Varsity team of 1965 might not of had a very impressive record but they have shown a lot of promise for the coming years ahead at Tri County.

During the season, fine play was exhibited by various individuals on the football squad. Also, there seemed to be a strong interest in football among the players.

Sportsmanship is a vital part of every school's activities and who arouses this feeling from the student body any better than our cheerleaders. Their enthusiasm for our teams was shown by their active part in pep assemblies and at games, helping the student body to recognize the fact that our teams need support of all of them.

The cheerleaders, also, showed initiative by having car washes and dances to raise funds to purchase their new uniforms, which helped set a better image of our school.

Administration and Faculty

Our school must run correctly and efficiently to benefit all. If it were not for the persons presented to you on the following pages, we could not advance to greater heights thru the knowledge they have shared with us. They have given us their time and patience so we may, in the future, do the same to promote education. We may be the same type of person someday and would appreciate this section, for opinions and feelings are brought out by these teachers and administrative persons which make us all better citizens.

BOARD OF EDUCATION

Mr. Darrel Rau, Mr. Harvey Williams, Mr. Donald Stevenson, Mr. Walter Jenvey, Mr. August Backley, Mr. Solomon Feavien, Mr. John Nagelhout, Mr. Dwaine Voss.

SUPERINTENDENT

MR. WALTER C. JENVEY

Mr. Jenvey, who is completing his third year as the head of the Tri County Area School system, came here from Vermontville. He attended Michigan State University receiving B.A. and M.A. degrees.

His many duties and studies leave him little leisure time for relaxation. Mr. Jenvey is married and has three sons.

PRINCIPAL

MR. G. RONALD VAUGHAN

Mr. Vaughan is the high school principal. This is first year on the staff; he last taught at Northview High, in Grand Rapids. He attended Central Michigan University, Michigan State University, and the University of Michigan, and received a B.S., M.A., and Secondary Permanent Certificate. He is the sponsor for the Student Council and National Honor Society.

In his leisure time he enjoys fishing, bowling, golfing, reading, swimming, traveling, and all spectator sports. Mr. Vaughan is married, and has three children.

MR. ARTHUR HESBURN

Mr. Hesburn teaches Freshman English, American Literature, Driver Education and coaches the Golf team. He has an A. B. from Western Michigan University, an M. A. from Michigan State University, and has taken advanced courses at the University of Michigan. In his eleventh year on the staff Mr. Hesburn is the Senior class sponsor. He has a variety of interests to take up his spare time, including golf, traveling, politics, reading, and bowling. Mr. Hesburn has three children and four grandchildren.

A typical pose--to be remembered for years.

MRS. ELMA JUNE MAYS

In her fourth year as Home Economics teacher, helping girls prepare for their future is Mrs. Mays. She received her Vocational B. S. from Central Michigan University, and did advanced study at the University of Michigan. Mrs. Mays sponsors the local Future Homemakers of America chapter. Whenever she can find leisure time from her busy school day she enjoys coloring photographs. Mrs. Mays has three children.

Painting photos is a fascinating hobby.

MR. JOHN ESHELMAN

Mr. Eshelman, teacher of Mechanical Drawing, Arts and Crafts, and Shop, has been on the staff for two years. He received his B. S. from Central Michigan University. Mr. Eshelman devotes much time to the responsibility of sponsoring the Freshmen. He enjoys hunting as a hobby.

Student-Teacher co-operation in the shop produces many fine projects.

MR. ROBERT RUGGLES

Mr. Ruggles received his B.A. from Alma College and his M.A. from Central Michigan University. He teaches Algebra I, Physics, Spanish and Refresher Math. In his first year on the staff he is the sponsor of the Future Teachers of America and the Freshman Class. Mr. Ruggles enjoys golf, camping, sound-recording, photography and reading. He has one son.

Teachers are human--they like to relax and "get away from it all" just as much as students.

MRS. JULIA PEGGIE

Mrs. Peggie received her B.S. from Eastern Michigan University. She teaches Typing classes and is for the "Val Halla," our newspaper. Mrs. Peggie enjoys reading, skiing and knitting as hobbies in her spare time. This is her first year on the staff.

The Commercial classes are a useful and important part of Tri County's curriculum.

MR. MICHAEL NADAF

Mr. Nadaf is our Economics, World History, Geography and Government teacher. He attended Indiana University where he received his B.S. in education. Mr. Nadaf uses his spare time to enjoy reading, chess, bowling, and pool. In this, his first year on the staff, he is a Senior sponsor.

Many of our teachers enjoy playing chess, a game requiring a great deal of patience, skill, and thought.

MR. RUSSELL STOWERS

Mr. Stowers attended Bay City Junior College and Western Michigan University; he has an A.A. and a B.S. Mr. Stowers is a Social Studies teacher, a Junior class sponsor, sponsor of the Varsity Club and is our Varsity basketball coach. In his leisure time he enjoys playing basketball or golf. Mr. Stowers has three children.

A large part of any successful basketball team is the hard work and effort put forth by the coach.

MRS. BEATRICE SCOTT

Mrs. Scott teaches Special Education. She attended Central Michigan University where she received her B.S., and Michigan State University where she got her Special Education Certification. Mrs. Scott is a Senior sponsor. She has been on the staff for twelve years. When not busy with school affairs, she enjoys working with ceramics, knitting and sewing, and reading. Mrs. Scott has three children.

Individual attention plays a very important part in a teacher's daily schedule.

MR. DAVID BASS

Mr. Bass is our Band and Choir instructor. He attended Grand Rapids Junior College and Western Michigan University and has an Associate degree in Music and a B.M. Mr. Bass organized the Pep Band to instill school spirit and helped in organizing the Pep Club. Naturally his main interest and hobby is Music. This year is his first year on the staff.

Directing the Band takes a great deal of effort--but the results are very rewarding.

MR. RONALD BENTON

Mr. Benton is the Commercial and Conservation teacher. He attended Ferris State College, Central Michigan University, Michigan State University, and has a B.S. and Permanent Certificate. He is a Sophomore Class sponsor and has been on the staff ten years. In his free time Mr. Benton can usually be found horse-back riding or playing golf. He has two children.

Our teachers engage in many different extracurricular activities--but horseback riding is the one for Mr. Benton.

MR. ALFRED KLEINAITIS

Mr. Kleinaitis teaches boys' Physical Education, is the Junior Varsity basketball and football coach and the track coach. He graduated from Wilson Junior College and the University of Illinois, and has a B.S. in Physical Education, an M.S., an A., and a B.S. minor in German. Mr. Kleinaitis is a Junior Class sponsor in his first year on the staff. In his leisure time he enjoys singing, reading, traveling, and sports--especially skiing.

Physical Education is a big part of Tri County's curriculum.

MR. DONALD MARVIN

Mr. Marvin has a B.A. and Secondary Permanent Certificate, attended Western Michigan University, and has taken graduate classes from Michigan University. In his first year on the staff he teaches Sophomore and College Preparatory English, and is a Sophomore Class Sponsor, and is the baseball and football coach. In his spare time Mr. Marvin enjoys many hobbies such as hunting, fishing, golf, gardening, and singing. He is the proud father of five children, all boys.

Effective make up is important to all class plays.

MRS. MARJORIE BOYCE

In her first year on the staff, Mrs. Boyce teaches Biology, Chemistry, and General Science. She has an M.S. and a B.A., and attended Andrews University and the University of Illinois. As hobbies, Mrs. Boyce enjoys sewing and music. She is a Freshman Class sponsor.

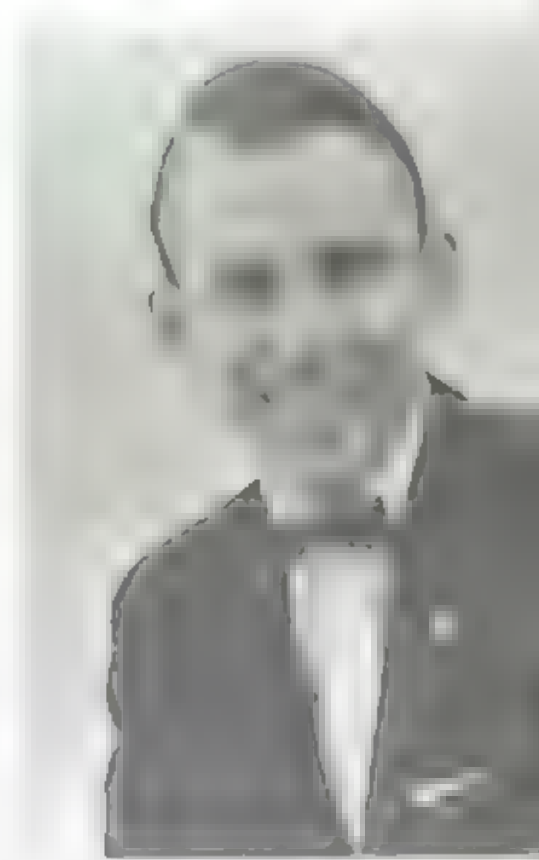

Not only is music an important part of our school's curriculum, but it is also an enjoyable pastime.

MR. DENNIS VIBE

Mr. Vibe teaches Algebra II, General Math, Geometry and Trigonometry. He has an A.B. and attended the State College of Iowa and Concordia College. This is his first year at Tri County. In his leisure time Mr. Vibe enjoys reading, playing chess and all sports. He is one of the Junior class sponsors.

A teacher's job is to prepare students for the future.

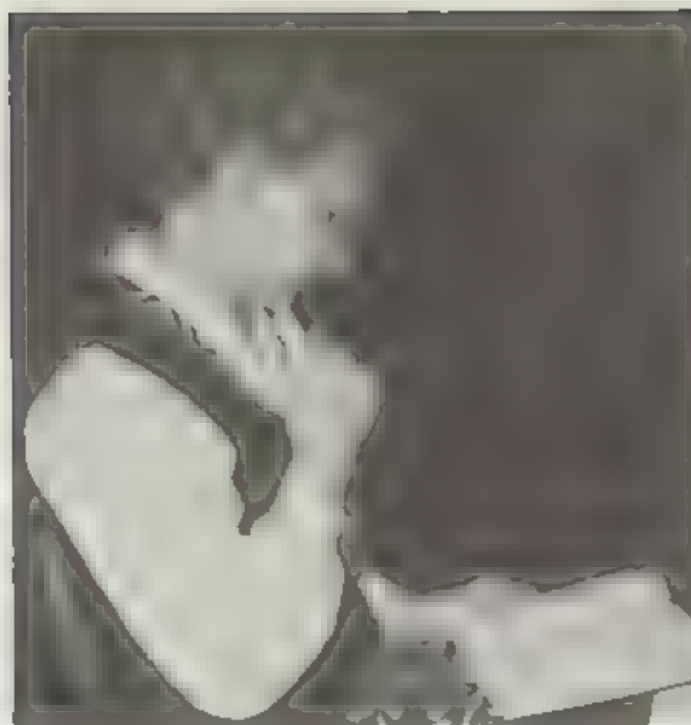

MISS ELEANOR FORDYCE

Miss Fordyce is the girls' Physical Education teacher, and her hobbies, naturally, are sports. She went to Taylor University and the University of Michigan, and has a B.A. and M.A. This is Miss Fordyce's first year at Tri County. She is also sponsor for the cheerleaders.

Physical Education classes provide for organized sports in the gym, and lots of vigorous outdoor activities.

MRS. INEZ BEAUDRY

Mrs. Beaudry has an A. B., and attended Eastern Michigan University, Central Michigan University, and the University of Michigan. This is her twelfth year on the staff. Mrs. Beaudry, who enjoys reading in her leisure time, is our Librarian and the sponsor of the Viking Yearbook. She has five children.

What better way to spend your leisure time, than to read a good book.

Teachers in Action?

Seniors

Each year this class must part with its ties in the school, yet, they do not lose these memories altogether because they always will look back on them as experiences gained. They must go now, to the wide regions that face them and meet these challenges with strong spirit. Without careful planning presented to them from Tri County or any other school system, these students would not be prepared for the future. Whether it be Seniors or any other class in the school the future is ours and we must each take our place in society.

Our class has been very busy this year with many activities. Among these were the Senior Play, Homecoming Dance, Senior Government Day and dances after the games during football and basketball seasons. These varied activities help us to become more prepared for the responsibilities we surely will be faced with in the future.

Applications to colleges, universities and places of different employment were also taken into stride. Along with these applications came tests that helped us prepare further for the world that faces us in the near future. Yes, this year and the past three years of our high school have been ones of many new and different experiences. All of these helping us advance to meet our roles as leaders of tomorrow.

Underclassmen

Many new and changing things happen in our school and many times our so-called "Underclassmen" have something to do with it. The school must not be based on one particular group or activity, but it should be united through efforts of all parts. These three classes have the best chance, for they are, without a doubt, the majority in the school. Each year advances, and the next class must step up and take its place in the school. These classes must step and give examples for upcoming students so they will be more sure of themselves when the job is left for them to perform.

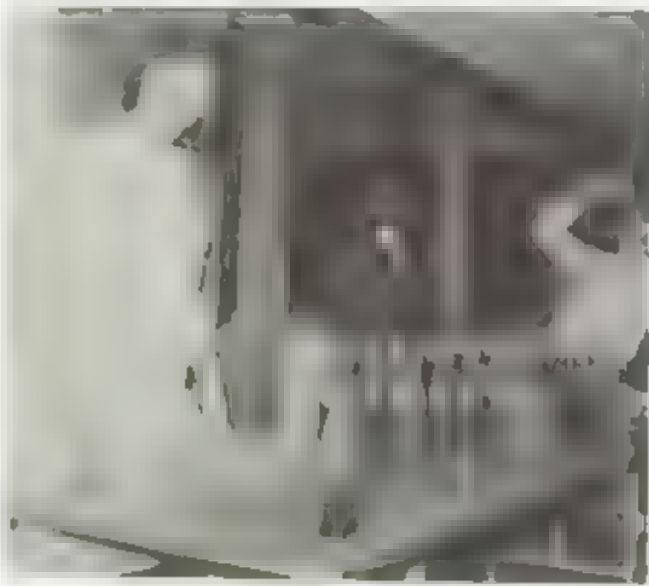

Trying hard to pay attention.

JUNIOR CLASS OFFICERS

Nancy Behnke, Treasurer; Barbara Morris, Secretary; Debra Woodman, Vice President; Jim Butler, President.

The Junior year comes but once in a lifetime and any Junior will say he's glad of it. This year has been a busy one with many activities: the Homecoming Float, Commission sale at the football games, Junior Class Play, the April Fools Dance, and our biggest one, the Prom. We had a great time dancing just the right band, decorating late the night before and then cleaning up in the early morning hours of the next day. The tension before taking the P. S. A. T. and National Merit Scholarship Qualifying Tests all part of being a Junior. After saying good-bye to the seniors, we look back with satisfaction at what was a wonderful year and one to be remembered.

TOP ROW: Garry & Guy at work in Soc. class; Barb at her locker between classes; Harry playing at the open field; Karen diligently doing her school work; Cher after winning the track & gym contest and secured a fairly big victory. BOTTOM ROW: Donna moving a huge pot on a table; Joyce on her way to class; Jeanne & Nancy moving a table very easily; Victoria H. classmate at work as usual.

It has been a big year for Sophomores--now that we have become accustomed to high school life. We showed our new maturity by carrying out several projects. In October we welcomed the incoming Freshmen with a banquet followed by a dance. In magazine sales, the Sophomores ranked number one. Everyone in the class did his share and our efforts were paid off in ice cream from the Juniors and Freshmen. During the Valentine season we sponsored a Sweetheart's Ball with music by the Henchmen. In March, after spending endless hours at the display case, looking and choosing our favorites, we ordered our class rings. We are fortunate to be able to be the first class to have a spring delivery.

We have had five or more members of the class on the honor roll each marking period and we are proud of them.

Several new members have joined the class of '68"--Sandra Flannery, Wanda Haywood, Tom Krebs, Carol Reed, Sandra Rubingh, & Bonnie Smith.

Our float "There's Always Time for Music" won fourth prize Homecoming night.

Class of "69"

The Freshmen are very proud of the new high school as we will be the first ones to spend our entire High School years in it.

The first few weeks here were very confusing, however, we soon learned our locker combinations and found our way around.

During our first class meeting we elected class officers: Marva Herndon - President; Bill Gould - Vice-President; Terry Croff - Treasurer; and Ron Nix - Secretary.

Our first big event was the Freshman-Sophomore Banquet. The Sophomores treated us to a lovely dinner and program followed by a dance.

This year we came in third place in our first Magazine Sale. We showed our sportsmanship by rewarding the Sophomore class with ice cream, due to the challenge they made to us.

We had a lot of fun making our Homecoming Float and choosing our Prince, Terry Croff and Princess, Joan Ludtke.

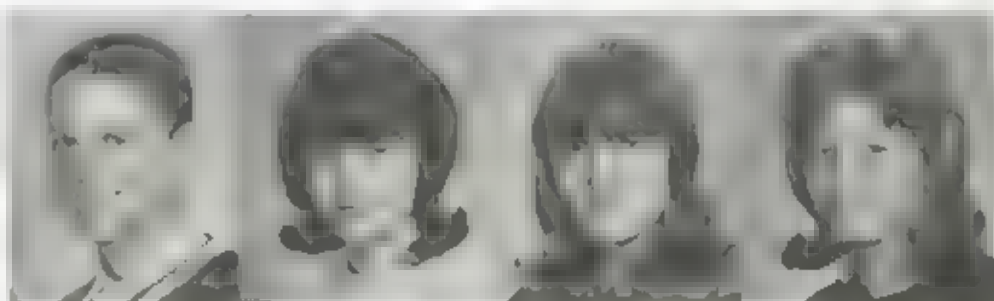

After semester exams we sponsored a dance. It was a big success and everyone had fun.

In the following section, which many try to avoid, we present to you representatives from our communities and neighboring communities. Why would these people take time to show interest in our school if not to show interest in us. These people care to give us support, why not show them our support and read and look hard and long at these pages. Suppose no one cared about our communities, they would not have to serve us as they do. We don't appreciate something until we lose it, why wait until then to start thinking about it? Where would we be without them? Take some time to see.

In this concluding page the Viking staff hopes very sincerely you have had the enjoyment in reliving the past year in your annual. We have tried to tie this book together with the theme of "memories." Memories are everywhere, especially around the school. They really do pass quickly. Time seems to go fast when we are busy, sometimes too fast. When we have much to do, as you may already know, our lives seem like a never ending circle.

We would like you to use YOUR "66" Viking as a link of your memories to the past. When things seem to be down for you, sit down for a few minutes and see just why you are here in this state of mind, it really is a part of your growing up. This now may be your past but much enjoyment will always be here for the future.
